16. Do not resort to malpractices or unfair means or use recording devices of any kind during your entrance test. AI and human based proctoring processes will flag you and you may get disqualified from further admission process. In addition, SIU may also initiate legal proceedings against such candidates. No grievance of any kind will be entertained regarding this.

***Note: - Any attempt to impersonate or indulge in any malpractice, identified at any stage of the admission process would disqualify the candidate from the admission processes to the LL.M Programme of Symbiosis International (Deemed University) and may also lead to appropriate legal action as deemed fit.***

### Post Test

#### Things To Do

1. Do a manual submit of responses to questions by pressing 'Submit' button once you have completed your paper.
2. Do click on "Exit assessment" button on the console, to ensure successful submission of the assessment and to close the browser.
3. Do "Right Shift+Esc" to Exit the Browser, if it takes more than 5 min. for the system to close the browser on its own.
4. Do wait for the browser to close
5. Do Restart your computer to reverse all temporary system changes made for the Test.

### Things 'Not to Do'

1. Do Not try to re-take the Assessment unless specifically instructed to do so
2. Do not try to reach out to Helpdesk to know your score and result

# Remote Assessments – Online

## Examinee Instructions

### Instruction for Examinee

**We will be conducting the AIAT Exam** as a Remote Proctored Assessment. This allows you to give your Exam from the safety and security of your home, without the inconvenience of travel.

To ensure that the exam can be successfully completed by you from your home and using your system, we have enhanced the overall exam process to provide a seamless experience.

The Key objective of this process is to ensure that your system is checked and configured as per the needs of taking this exam remotely. In case of any issues arise, the same will be resolved in the time allotted, post which you will appear for a Mock assessment.

The 3- Step process as described below, will help you check the infrastructure readiness and will help you prepare and get ready before the assessment on the exam day.

**Step-1:** *Infrastructure Readiness Check (IRC)*

**Step-2: Actual Remote Assessment Day**

## **Infrastructure Readiness Check (IRC)**

In this step, ensure that your systems and internet bandwidth and speed are checked as against the requirement of taking the remote assessment.

The following factors will be checked on your system:

1. Operating System
2. Versions of needed software installed in the computer and its security control levels – example – Browser, its version and its security settings
3. Adequate Internet Upload/Download Bandwidth availability
4. Appropriate Camera installation on your system and its configurations
5. Any other software installed in the computer (like anti-virus, permissions to write in the disk etc.)

This step will be performed over a 4-day period, so that every Examinee can get this check done. Once complete, this step will help ensure that your infrastructure is ready for the Exam

In case you face any issues during this process, you will have an ability to communicate the issue to the Technical Helpdesk. You will need to log your issue with the Online Technical Helpdesk and get required special attention in resolving your issues. Once the Technical issues are resolved, and the checks are successfully completed, your system would be ready for the exam.

### **Availability of WebCam:**

The system to be used must have either an integrated WebCam or an attached WebCam.

- a) Ensure the WebCam is functioning. To check this –
  - i. Open Web Cam application installed on the system (e.g. Type 'Webcam' in search bar to locate Application).
  - ii. Take few sample pictures and video of self.
- b) Ensure uninterrupted and exclusive access to the WebCam.
- c) Close all third-party applications installed on your system to capture images or videos from your system, including YouCam
- d) Uninstall YouCam software for the duration of assessment

### **Active, dedicated Internet bandwidth**

Connect to internet using WiFi router or as recommended, computer with a dedicated LAN cable. Ensure that, internet is being used only by you for test taking and ensure no other person uses the same internet connection for any other purpose. This is to ensure a seamless test taking experience.

### **Firewall & Proxy Setting**

For a system with active Firewall, ensure that the firewall setting is turned "off" for the duration of assessment.

Disable all Proxy setting

## System Screen Resolution

Please ensure system screen resolution is set to 1024\*720 only.

*Please refer following links to change systems resolution based on operating system Windows*

<https://www.youtube.com/watch?v=3GdKiUAnyHc>

Ubuntu : <https://help.ubuntu.com/stable/ubuntu-help/look-resolution.html.en>

## Browser Setting

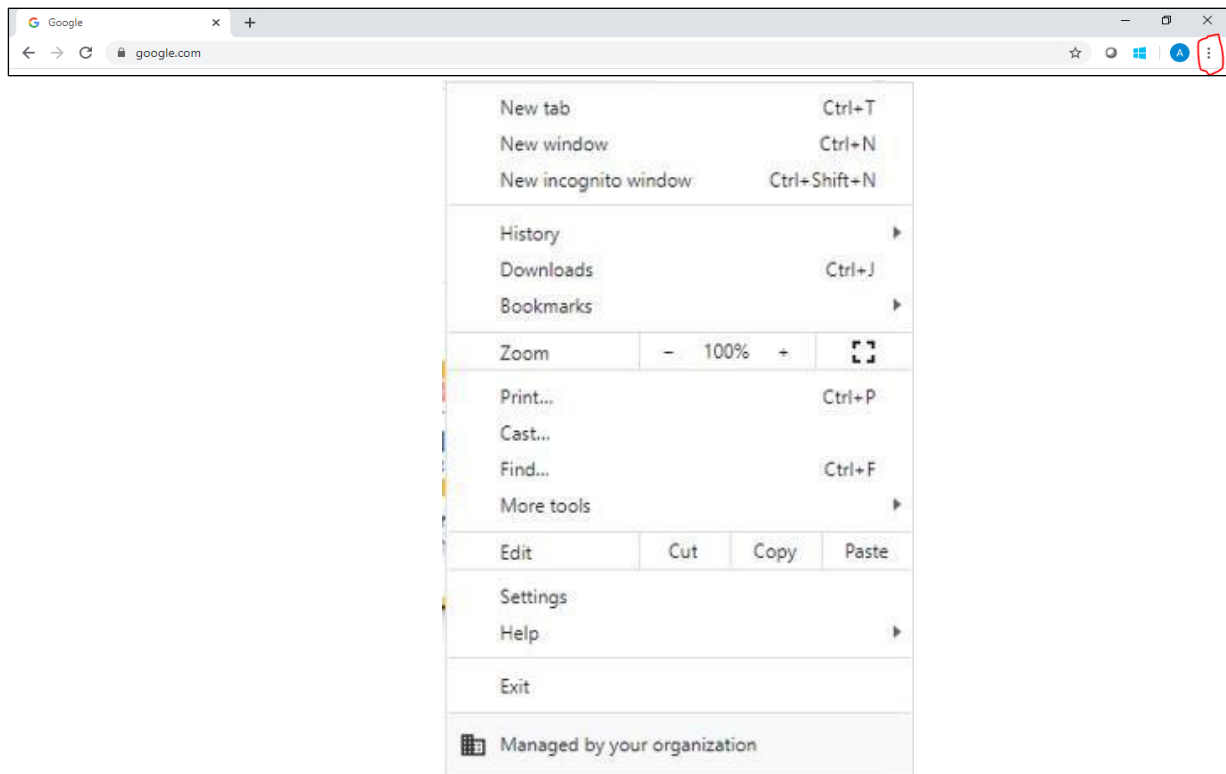

Recommended Google Chrome browser for best experience

Please verify the following key check points in browser setting before starting self-registration or the Assessment.

### Zoom Level:

Set the browser zoom level to 100%.

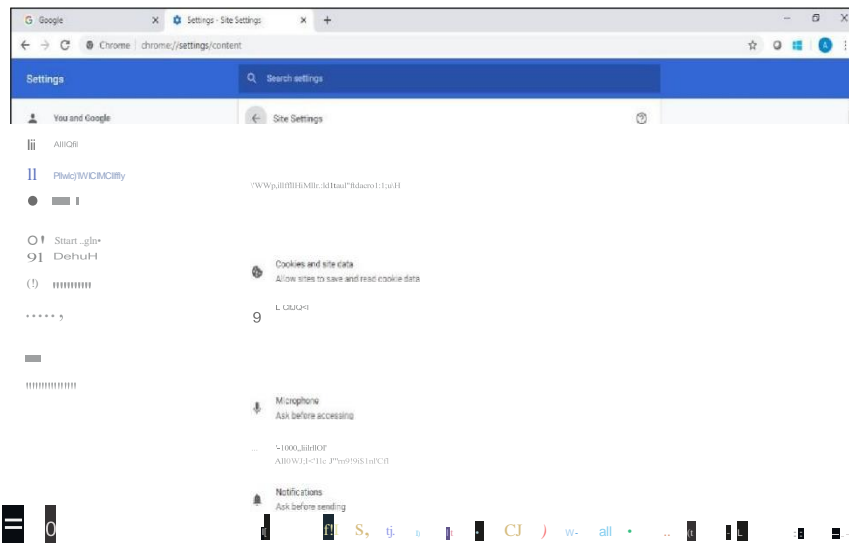

Please access the zoom level setting by clicking on the three vertical dots displayed on the right hand corner of your browser window as shown

### Camera Access:

Access to camera should be “allowed” for browser.

On google chrome, please navigate to **Settings->Privacy and Security->Camera**

Please follow steps mentioned in the linked website for more information about browser access to camera  
<https://support.google.com/chrome/answer/2693767?co=GENIE.Platform%3DDesktop&hl=en>

**Note:** *In case you are using Organization-controlled system, it is possible that organization's security policy would require Admin access to change these settings.*

#### Anti-virus

Anti-Virus programs running in background could generate system alerts from time to time. These system alerts would impact running of Assessment Application and possibly stop ongoing assessment session.

To avoid such a situation, please temporarily disable/stop the antivirus program.

For steps and instructions to disable/Stop anti-virus program during the assessment period, please follow the steps provided by your antivirus program.

In case using a system managed by an Organization, Administrator access may be required to disable anti-virus protection program.

A personal system with full access (administrative level) and control is recommended

#### Launcher Details

The IBALauncher once downloaded can be used for future assessments. You need not download the launcher every time before the assessment. System upgrades the launcher, if any update is available while launching.

#### *Details of OS and Supported Browsers for iLEON App*

1. Windows 10, 7 - Google Chrome - All versions.
2. Windows 10, 7 - Internet Explorer - All versions.
3. Windows 10 - Firefox - Not supported
4. Windows 7 - Firefox - Version 46 to 56.
5. Ubuntu – version 14 & 16 (All browser versions supported).
6. Safari – Not Supported.
7. **MAC OS – Not supported.**

#### Details of Unsupported OS/Browser for iLEON App

1. **Windows XP**
2. **Windows Vista**
3. **Ubuntu 18**
4. **DOS**
5. **Safari Browser**

**Note:** *In case of a desktop or laptop running [Windows 7 operating system](#), please check and ensure it has the latest Service Pack installed.*

There are two approach to determine the **Service Pack** installed

#### Service Pack Check – Approach 1

- a) Click Start button
- b) Right-click on “Computer” icon

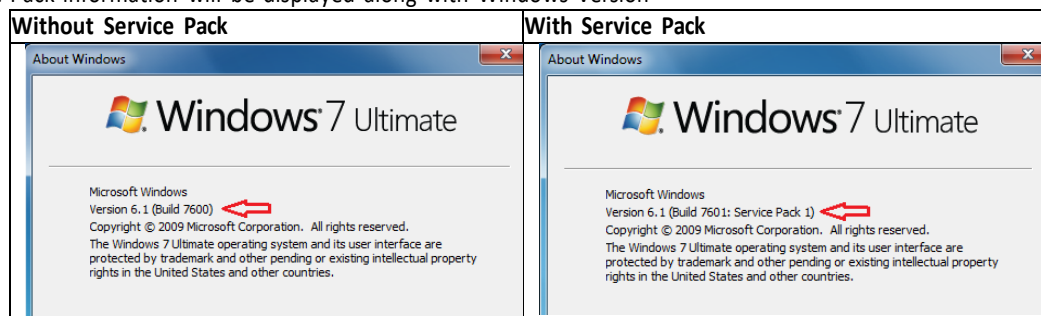

- c) Click "Properties".
- d) Check basic information about your computer configuration displayed - If ServicePack 1 is listed under Windows edition, SP1 would be already installed on your computer.

#### Service Pack Check – Approach 2

- (a) Click Start button
- (b) Locate Search programs and files text box
- (c) Type **winver** in the box space
- (d) click on winver.exe

- (e) Service Pack information will be displayed along with Windows Version

**Note:** If Service pack 1 is not installed, follow the instructions to download and install SP1 from following URL  
<https://www.microsoft.com/en-us/download/details.aspx?id=5842>

- Repeat the above steps to verify the version again.
- In case the Service pack is not installed, please arrange for a separate system to take the exam.
- In case an error encountered says "Failed to execute script main" it is an indication of incorrect Operating System being used.

#### General Troubleshooting

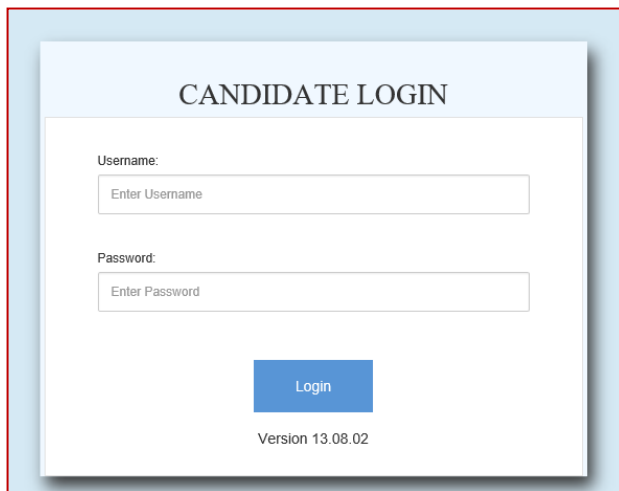

In case any issue is encountered during course of Assessment with an error message indicating Session is "locked",

1. Press "Right Shift + Esc" key to exit ongoing Assessment
2. Close Application
3. Open new session on Browser
4. re-login to the assessment website using the credentials provided in email
5. Generate a new key
6. Launch the assessment using the new key
7. Please ensure the browser has full access to Webcam and there are no running and active firewall and/or antivirus programs

## Helpdesk

Remote Assessments (RA) - Online allows the candidates to use Help Desk to seek technical support and communicate with the Support Team for any queries with respect to the assessment. Below is the set of instructions to use the Help Desk feature.

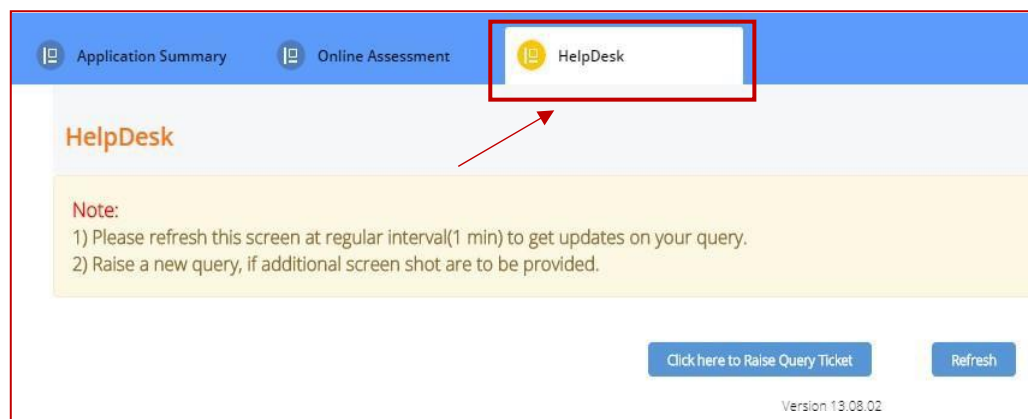

1. Access the URL on a browser of your choice (Chrome recommended) from the system you are going to use for taking the assessment.
2. Wait for the log in screen as shown below

A screenshot of the 'CANDIDATE LOGIN' screen. It features a light blue header with the title 'CANDIDATE LOGIN'. Below the header, there are two input fields: 'Username:' with a placeholder 'Enter Username' and 'Password:' with a placeholder 'Enter Password'. A blue 'Login' button is positioned below the password field. At the bottom, it says 'Version 13.08.02'.

3. Enter the correct username and password as provided in the email sent to your registered email ID
4. Click **Login**.

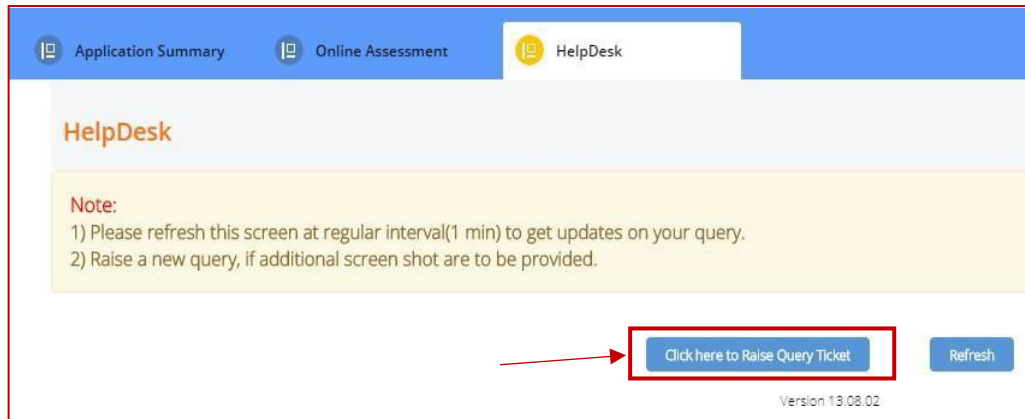

There will be three tabs visible:

- a. **Application Summary:** this tab will contain your basis information. Please go through this to ensure it's your details only.
- b. **Online Assessment:** This tab will contain access to the assessment that you need to appear for
- c. **Help Desk:** This tab has an option to "Raise Query Ticket" should you face any technical challenges while giving the assessment.
- d. Click on Help Desk tab to raise ticket with a Technical Support team

A screenshot of the 'HelpDesk' interface. At the top, there is a blue navigation bar with three tabs: 'Application Summary', 'Online Assessment', and 'HelpDesk'. The 'HelpDesk' tab is selected and highlighted with a red box and an arrow. Below the navigation bar, the 'HelpDesk' title is displayed. A yellow note box contains the following text: 'Note: 1) Please refresh this screen at regular interval(1 min) to get updates on your query. 2) Raise a new query, if additional screen shot are to be provided.' At the bottom right, there are two buttons: 'Click here to Raise Query Ticket' and 'Refresh'. The version 'Version 13.08.02' is displayed at the bottom center.

e. Click on “Click here to Raise Query Ticket”

f. Candidate query form will open with two separate sections in it.

- i. Section 1 “Query Section” – for entering details pertaining to the issue /query to be raised viz. Problem Category, Type and Statement or the detailed description of the issue.
- ii. Section 2 “Upload Screenshots” – to be used for uploading relevant screenshots of the issue faced. Maximum of 5 screenshots can be uploaded of JPEG, JPG & PDF formats, with file size ranging from 25KB to 5MB.

**Note:** Please add clear screenshots while raising query. This will help the technical support team to understand and quickly resolve the issue.

The screenshot shows the 'Candidate Query Form' in the HelpDesk interface. At the top, there is a blue header with the 'HelpDesk' title and a 'Close X' button. Below the header, a yellow note box contains the text: 'Note : Please add clear error screenshots while raising query for quick resolution.' The form is divided into two main sections: 'Query Section' and 'Upload Screenshots'. The 'Query Section' contains three fields: 'Problem Category' (a dropdown menu with '--Select--'), 'Problem Type' (a dropdown menu with '--Select--'), and 'Problem Statement' (a large text area). The 'Upload Screenshots' section contains five rows, each with a 'Choose File' button, a 'No file chosen' status, and an 'Upload' button. Below each row, there is a small green note indicating the maximum file size and supported formats for each upload.

g. Fill in all the appropriate details in the “Query Section”.

- i. **Problem Category** – Query can be raised for problem faced in any of the following categories during the course of assessment.
  1. **After login** – “Issue faced after entering the login credentials”
  2. **Self-Registration** – “During the process of capturing 5 self-registration images”
  3. **Launcher Download** – “Landing page where launcher installation guidelines are provided”

4. **Starting Launcher** – “Entering the launcher key and selecting the browser window”
5. **During Assessment** – “Issue faced on the candidate console”

The screenshot shows the 'HelpDesk' window with the 'Candidate Query Form' tab active. A yellow banner at the top contains a note: 'Note : Please add clear error screenshots while raising query for quick resolution.' Below this is the 'Query Section' with a 'Problem Category' dropdown menu open, showing options: 'After login', 'Self Registration', 'Launcher Download', 'Starting Launcher', and 'During Assessment'. A red arrow points from the 'Problem Category' label to the dropdown menu. To the right is the 'Problem Type' dropdown menu, currently set to '--Select--'. Below the query section is the 'Upload Screenshots' section, which includes instructions on file size and format, and a table with 'Choose File' buttons and 'No file chosen' status, each followed by an 'Upload' button.

- ii. **Problem Type** – Select appropriate type of problem after selecting the category from the options provided in the dropdown

The screenshot shows the 'HelpDesk' window with the 'Candidate Query Form' tab active. The 'Problem Category' dropdown is now set to 'After login'. The 'Problem Type' dropdown menu is open, showing options: '--Select--', 'I am not able to find my exam details', 'There is no exam visible in Current Tab', 'I am able to see my assessment but not able to do anything', 'What should I do next?', and 'Others'. A red arrow points from the 'Problem Type' label to the dropdown menu. The 'Upload Screenshots' section remains the same as in the previous screenshot.

- iii. **Problem Statement** – Enter precise and easy to understand description of the problem for quick troubleshooting & resolution.

The screenshot shows the 'HelpDesk' interface with a 'Candidate Query Form' tab. A yellow banner at the top contains a note: 'Note : Please add clear error screenshots while raising query for quick resolution.' Below this is the 'Query Section' with two dropdown menus: 'Problem Category' set to 'After login' and 'Problem Type' set to 'I am not able to find my exam details'. The 'Problem Statement' field is highlighted with a red box and contains the text: 'The page appears to be blank even after refreshing it multiple times.' Below the query section is the 'Upload Screenshots' section, which lists five upload slots with file size and format restrictions (e.g., 'Maximum file size - 25KB and only JPEG and JPG formats is allowed') and 'Choose File' buttons. Each slot also has an 'Upload' button.

- h. Browse the screenshot by clicking on “Choose File” as per the file size and format.

This screenshot shows the same HelpDesk interface as the previous one, but with a Windows 'Open' file explorer window open over the 'Upload Screenshots' section. The file explorer shows the 'Pictures' folder with a file named 'IBA\_Screenshot'. A red arrow points to the 'Choose File' button of the third upload slot in the 'Upload Screenshots' section, indicating the action to be taken.

- i. Click on Upload.

## Process for Self- Registration and Document Capture

1. Access the URL on a browser of your choice (Chrome recommended) from the system you are going to use for taking the assessment.
2. Wait for the log in screen as shown below

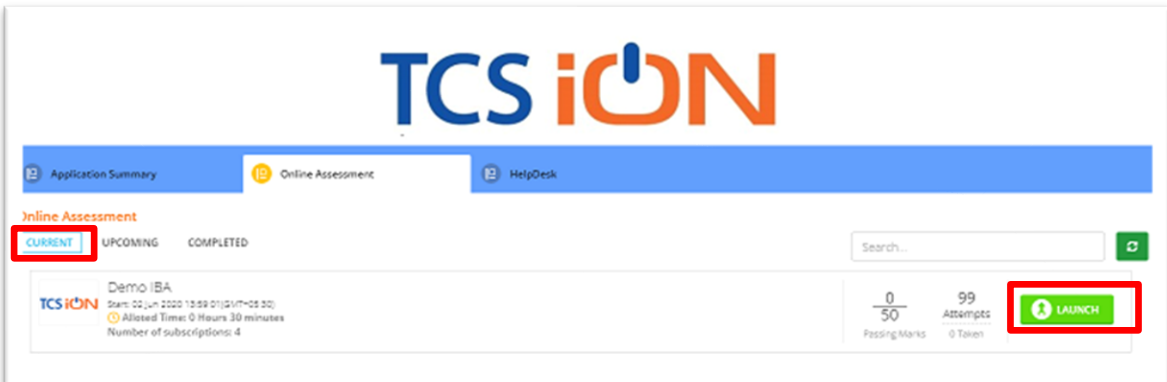

The image shows a 'CANDIDATE LOGIN' screen. It has a light blue header with the title 'CANDIDATE LOGIN'. Below the header, there are two input fields: 'Username:' with a placeholder 'Enter Username' and 'Password:' with a placeholder 'Enter Password'. A blue 'Login' button is centered below the password field. At the bottom, it says 'Version 13.08.02'.

3. Enter the correct username and password as provided in the email sent to your registered email ID
4. Click **Login**.

There will be three tabs visible

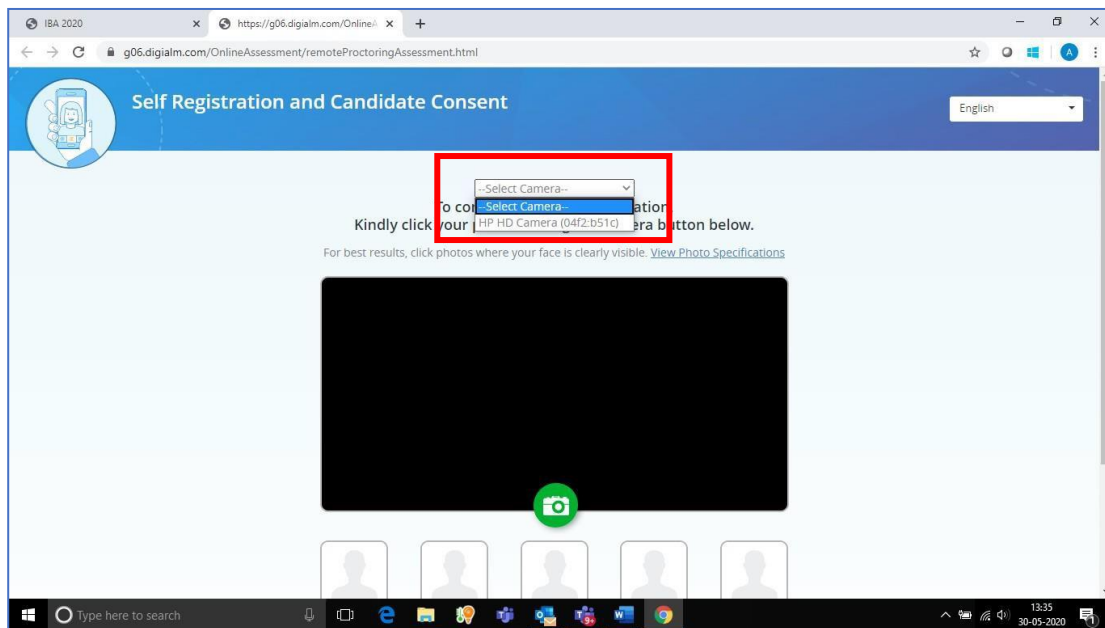

- p. Application Summary: this tab will contain your basis information. Please go through this to ensure it's your details only.
  - q. Online Assessment: This tab will contain access to the assessment that you need to appear for.
  - r. Helpdesk
5. Click **Online Assessment** tab.
  6. Select **CURRENT** tab.

The image shows the TCS iON Online Assessment interface. At the top is the TCS iON logo. Below it are three tabs: 'Application Summary', 'Online Assessment', and 'HelpDesk'. The 'Online Assessment' tab is active. Under this tab, there are three sub-tabs: 'CURRENT', 'UPCOMING', and 'COMPLETED'. The 'CURRENT' sub-tab is selected and highlighted with a red box. Below the sub-tabs, there is a search bar and a green 'GO' button. On the left, there is a section for 'Demo IBA' with details: 'Start: 02 Jun 2020 10:59:01 (GMT+05:30)', 'Allotted Time: 0 Hours 30 minutes', and 'Number of subscriptions: 4'. On the right, there is a section for '0/50 Passing Marks' and '99 Attempts 0 Taken'. A green 'LAUNCH' button with a person icon is highlighted with a red box.

7. Click **Launch**.
8. Enable Pop-ups, if prompted.
9. **Self-Registration and Candidate Consent** screen will appear.
10. On top of the screen, a dropdown to select the camera will appear.
11. Click on the drop down and select the camera that you want to use.

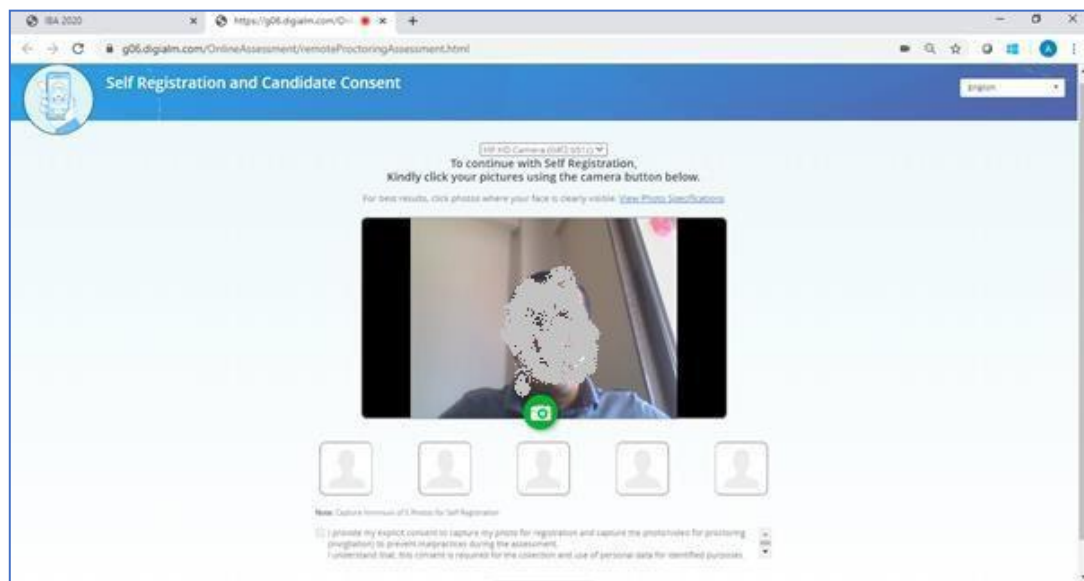

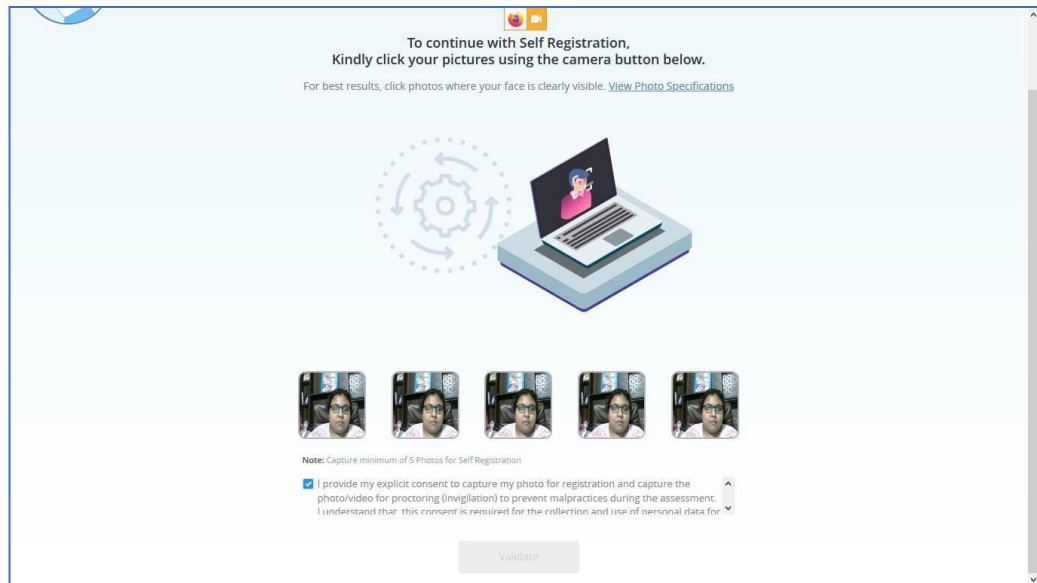

12. “Allow” the browser to use your device camera to capture your photo/video

**Note:** *Instructions to capture your photo:*

- Ensure your Face is well-lit – Avoid lowlight or light source behind you,*
- Ensure your Face occupies more than 50% of the boundary.*
- Look straight into the camera such that entire frontal view of face is clearly visible.*
- Ensure face is not covered by object (e.g. Sunglasses).*
- Capture 5 photos for self-registration.*

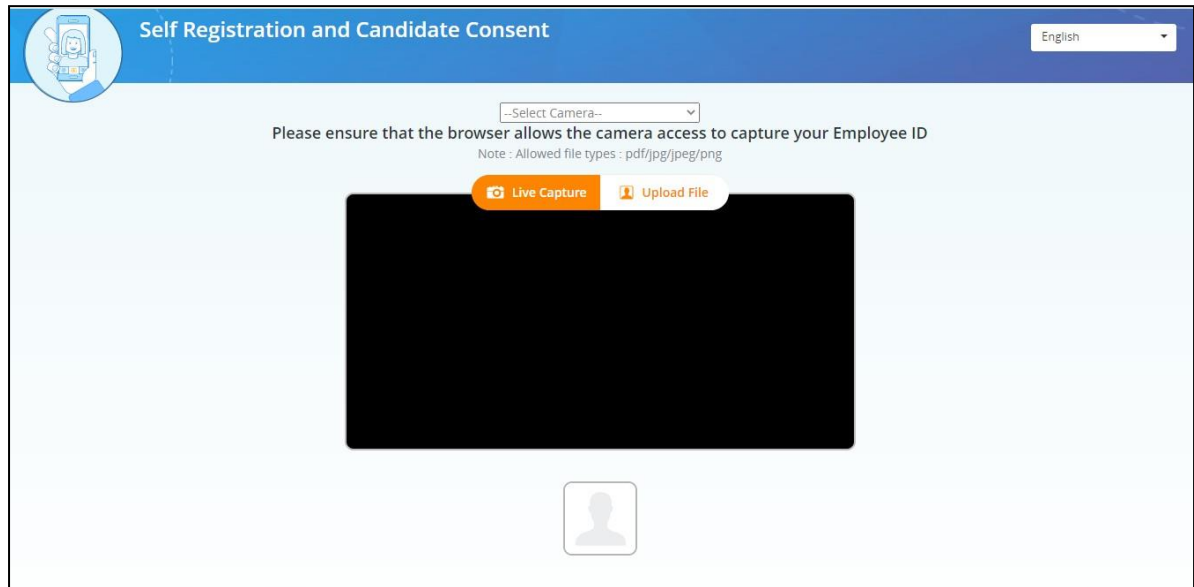

13. Check your picture visible on the photo window.
14. In case you see a red border around any image, please click on that image and capture your photo once again.
15. Read Undertaking content
 

☐ *I provide my explicit consent to capture my photo for registration and capture the photo/video for proctoring (invigilation) to prevent malpractices during the assessment I understand that, this consent is required for the collection and use of personal data for identified purposes. i.e., invigilation and analysis.*

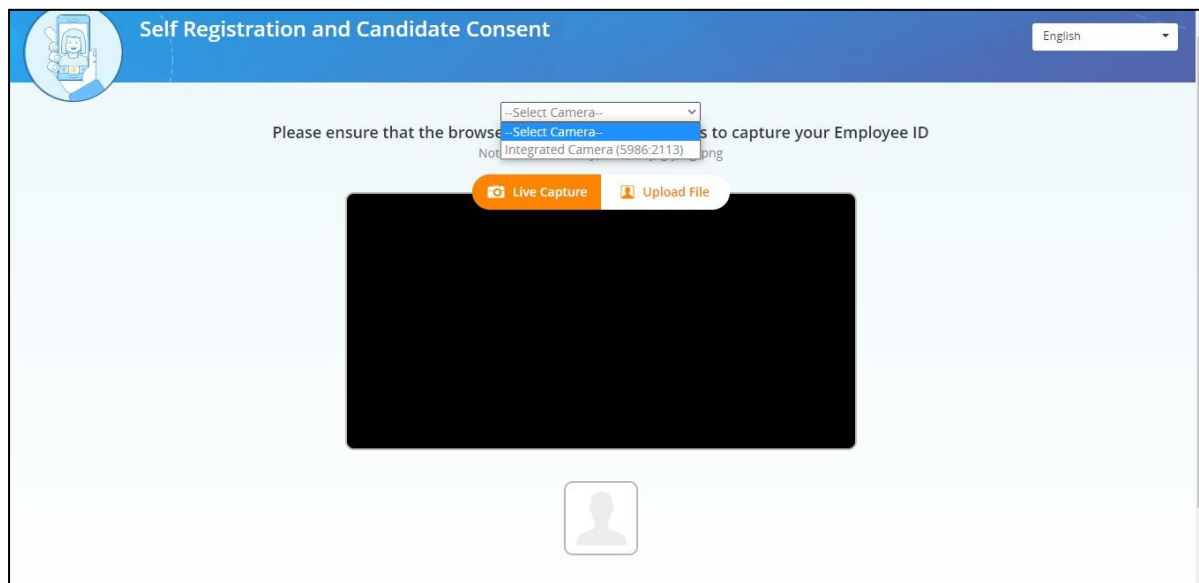

☐ *I understand that my images will not be shared with any third party and will be retained for only as long as is required for the identified purposes*
16. Select the check-box and provide consent.
 

**Note:** Your personal data including captured photo/video is used only for proctoring and will not be shared with any third party.
17. Next on screen appears the page to upload the document to be captured as an identity proof.

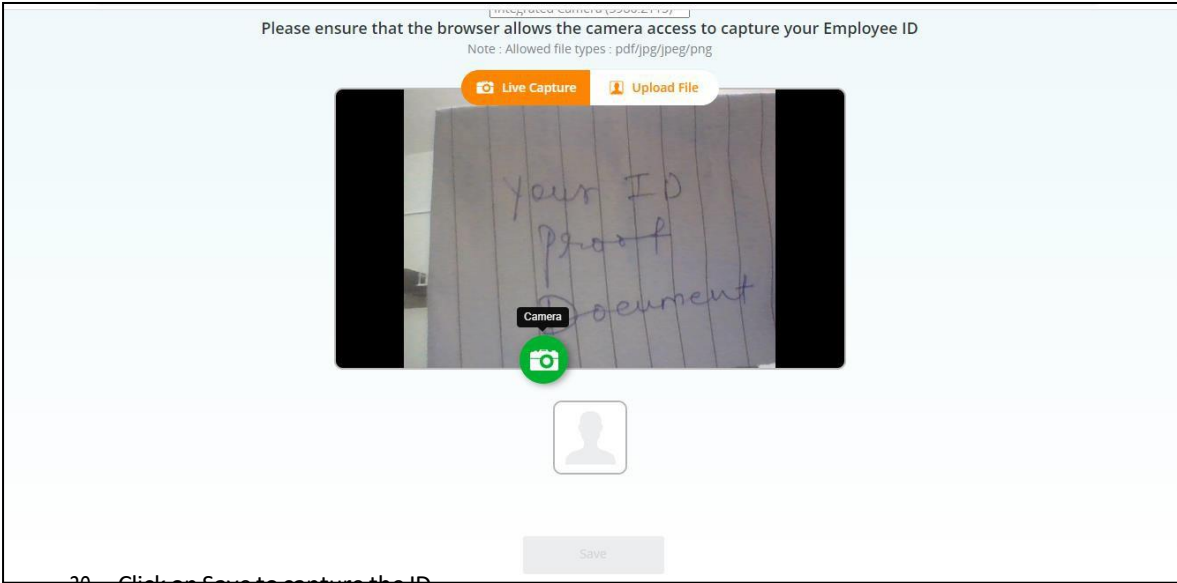

Please note the option to capture the identity proof document depends solely as per the examination body's decision. If prompted follow the steps as shown below.

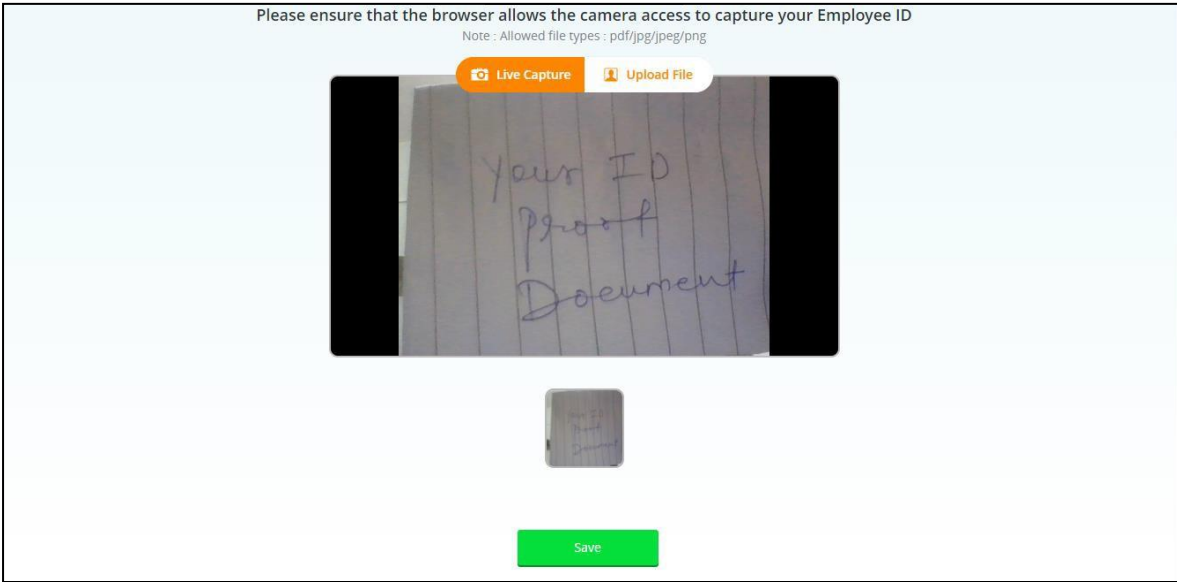

18. In case of “Live Capture”, select the camera from the drop down and click on “Live Capture” OR browse & upload the document.

document is properly visible in front of camera.

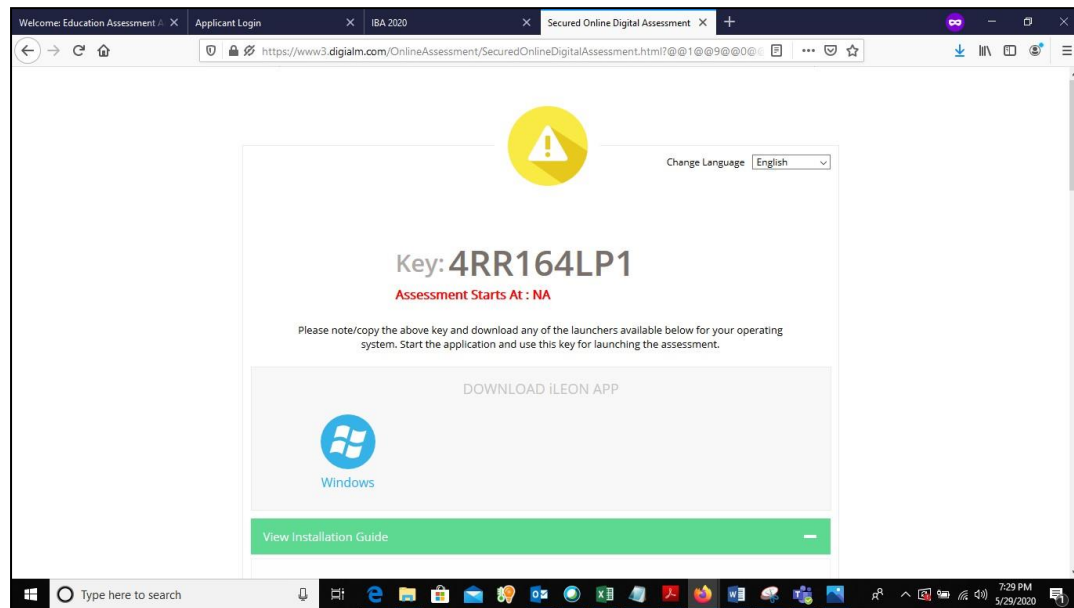

20. Click on Save to capture the ID.

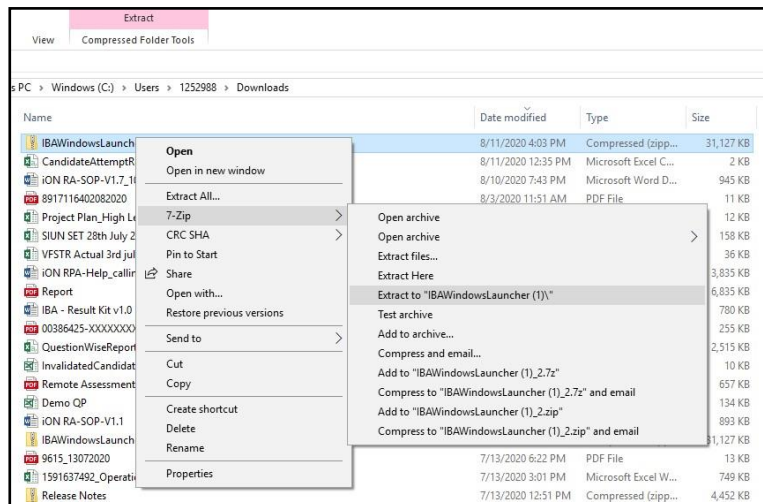

21. You have to show/upload clear copy of id proof which will be approved by Proctor and then only you will be able to start exam. In case proctor is not able to read Id proof then it will be rejected. In this case you have to Launch assessment again and complete Self registration process again.

### Downloading & Installing the Launcher (Desktop / Laptop)

1. After completing the self-registration & document capture process, a message on screen will appear as “A Proctor will be assigned to you soon to approve your request.” Once approved, the below screen appears to download the launcher along with the unique key displayed on screen. It is important to upload the proper document as instructed.

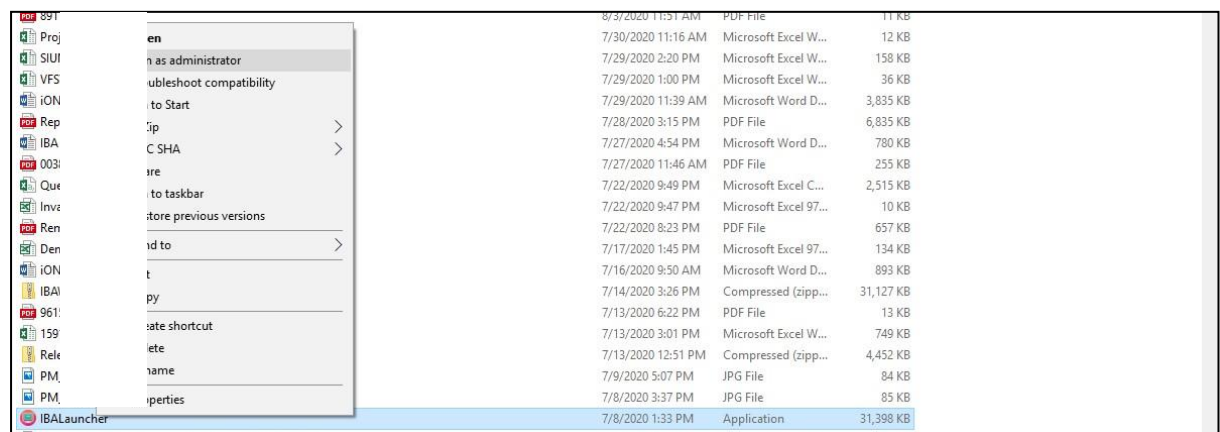

2. Select the language of your choice from the top-right corner drop down menu on the screen.
3. Copy the unique key displayed on the screen.  
**Note:**  
*The Unique key (token) generated is valid for the entire duration of the assessment unless the internet session is disconnected. If the internet is disconnected, a new unique key is generated.*
4. By clicking the appropriate OS icon, download the launcher compatible for your Operating System
5. Right click to extract (unzip) the downloaded file

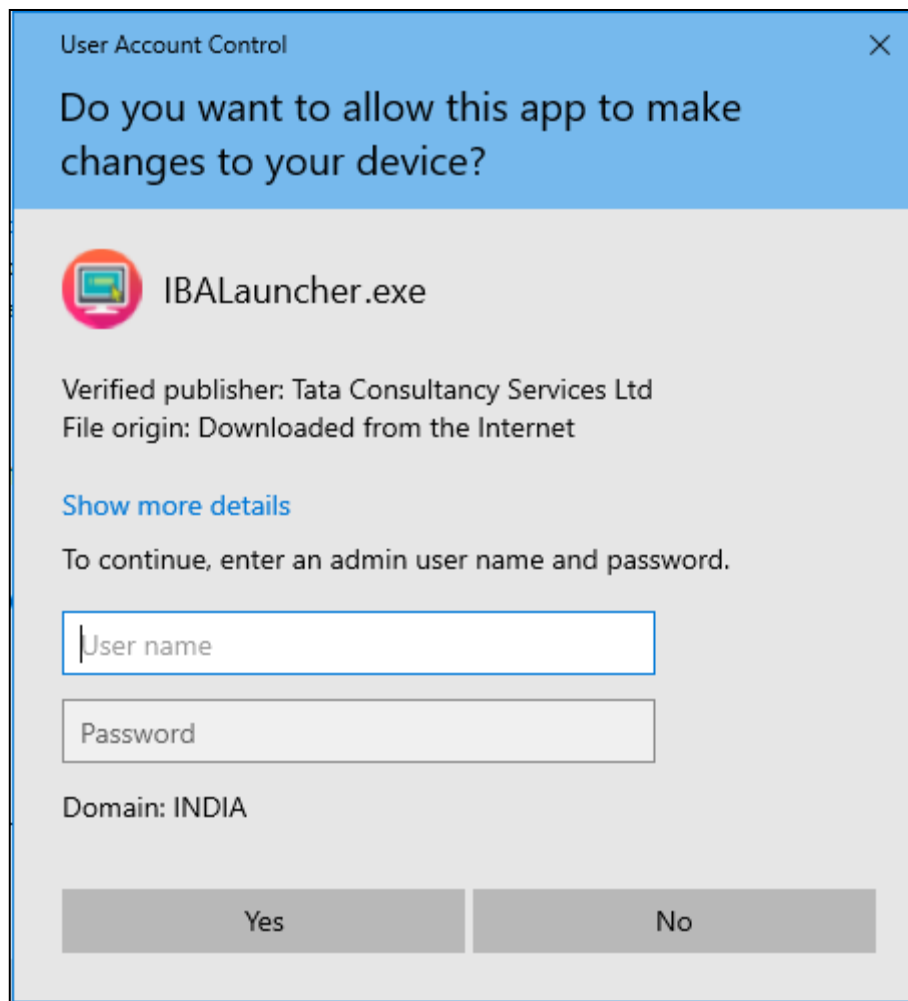

6. Right click the launcher exe file and click on “Run as Administrator”. ([Refer “How do I know if I have administrator rights?” section for steps to identify](#))

**Please note this is an important and mandatory step to be executed As-Is.**

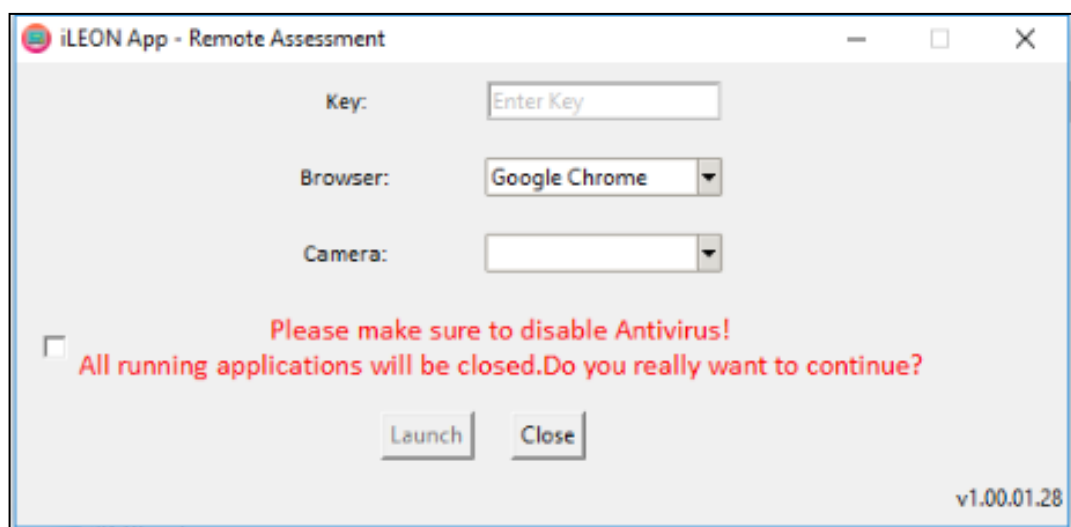

7. Enter the login credentials of your system and click “Yes”.

**Some systems prompt to enter the login credentials and in some systems it won’t. It differs from one operating system to another. In the scenario, enter the windows or Ubuntu credentials of your system.**

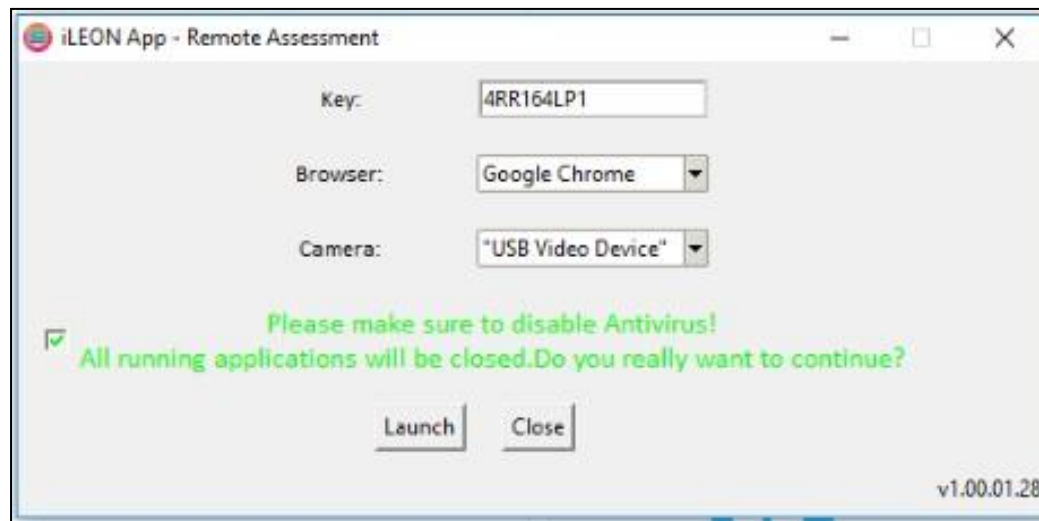

8. The IBA Launcher window appears.

9. Enter the unique key (token) generated,
10. Select the browser
11. Select the camera

12. select the checkbox,
13. Click **Launch** to start the assessment.  
**Note:** *This will close all other programs running on your Computer.*

14. Read the **General Instructions** displayed on screen.
15. Select "I have read and understood the instructions and agree to adhere to them"  
Disclaimer checkbox
16. Click **I am ready to begin**.
17. Read the **Group Instructions**
18. Click **Proceed** to start the assessment.

### **Resolving Camera Issues in Chrome**

1. Go to Settings
2. In the "Search settings" bar, type 'Camera'
3. Click on Site Settings
4. Click on Camera
5. Under "Allow" click on <https://www.digialm.com>
6. Under "Usage" click on "Clear Data"
7. Click on "Clear" at Pop-Up
8. Under Permissions, click on "Reset Permissions"
9. Click on Reset at Pop-Up
10. Go to the Self-Registration and Candidate Consent page and reload it
11. Click on "Allow to Use your camera"

In addition to the above troubleshooting steps, there might be other issues where the camera is not getting detected or not functioning correctly. Please refer to the below guidelines on different errors and the steps to resolve them.

#### **Camera details not appearing in the camera dropdown.**

System tried to detect installed camera on your device. Unfortunately, it could not find any camera. There are 2 reasons why this may happen –

- a) No camera installed on your device. If you are sure that you have camera installed on your device, request you to double check and install the camera.
- b) Camera stops functioning due to outdated / corrupt camera drivers. Every device is made up of different make and brand, you would need to find suitable camera drivers based on your device's make / brand and install it. Once you install / upgrade drivers, your device would be compatible for the exam.

**Camera details appearing in the camera dropdown. Live video streaming is not coming.**

Your browser is not able to connect to the selected camera. We have observed that some antivirus software installed on your device, blocks browsers to connect to camera. We recommend that you grant permission in antivirus software for browsers to connect to camera. Once this is done, you will be able to complete your registration process. This is very important step to ensure that your antivirus is not preventing camera access during exam.

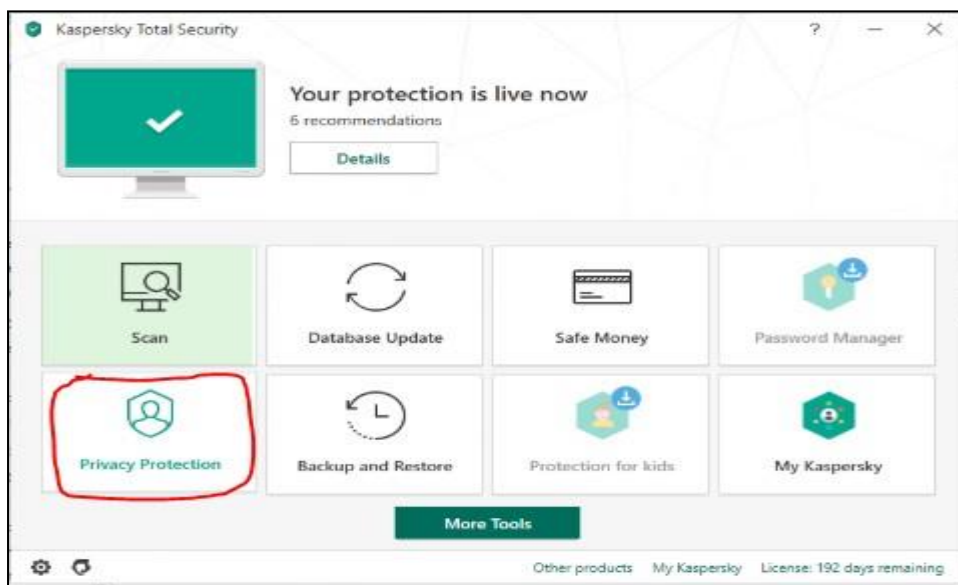

Please do not panic, we are sure you will be able to grant permission to the camera in your antivirus software, complete registration process and proceed for your examination.

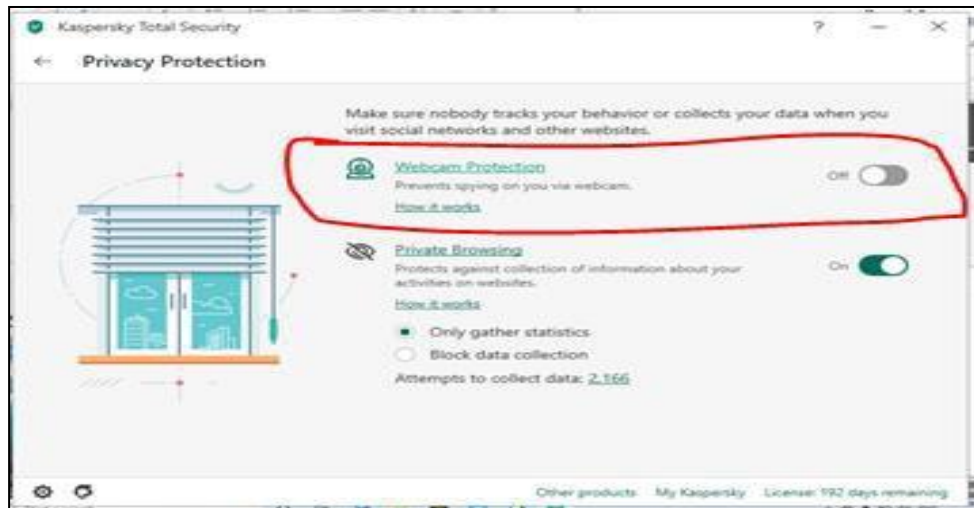

**Steps to disable web camera access in antivirus (Karspersky)**

Step 1: Click on Antivirus.

Step 2: Open the Privacy Protection

Step 3: Disable the Webcam Protection

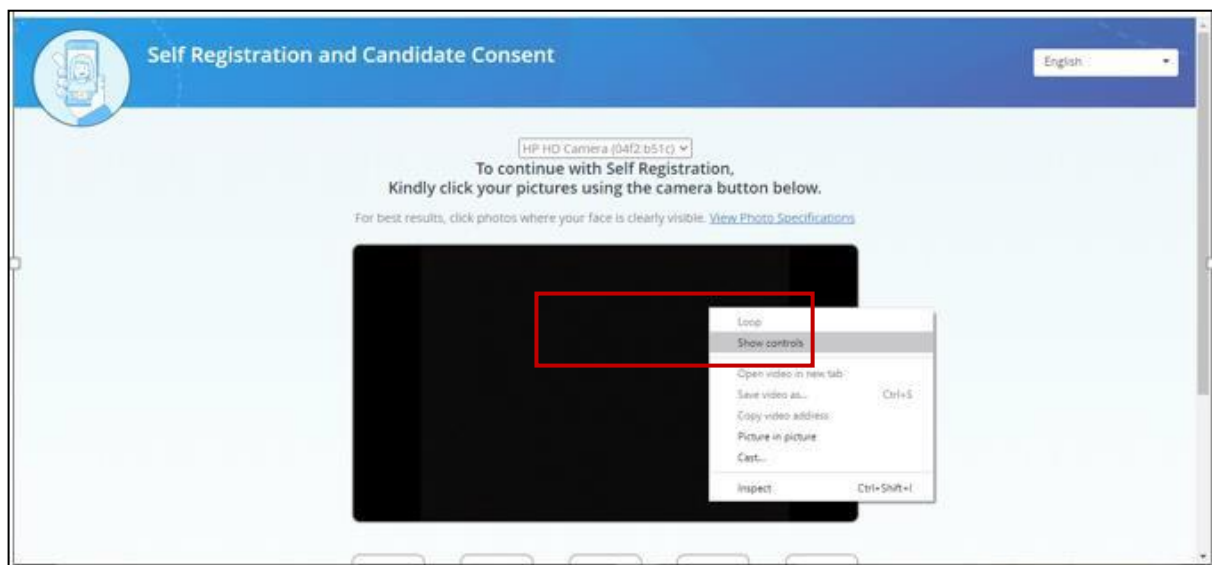

### Browser not able to access HD Camera.

We have observed that, some browsers may not be able to access High Definition camera. If your browser is not able to connect to your camera, you can complete the registration process through your mobile device. To do this, please do the following:

1. Access the login page by pasting the exam link in your mobile device browser.
2. Login and follow the steps to complete your registration process.
3. Once you finish registration on your mobile device, you can re-login on your desktop/laptop and proceed with the next steps.

### Camera details appearing. Live video streaming is not visible for a while.

Keep the mouse on black patch (video position) and right click then select the show controls. System will show the play button on video. Click on that play button. Now you should be able to see the live stream.

### How do I know if I have administrator rights?

#### Windows Operating System

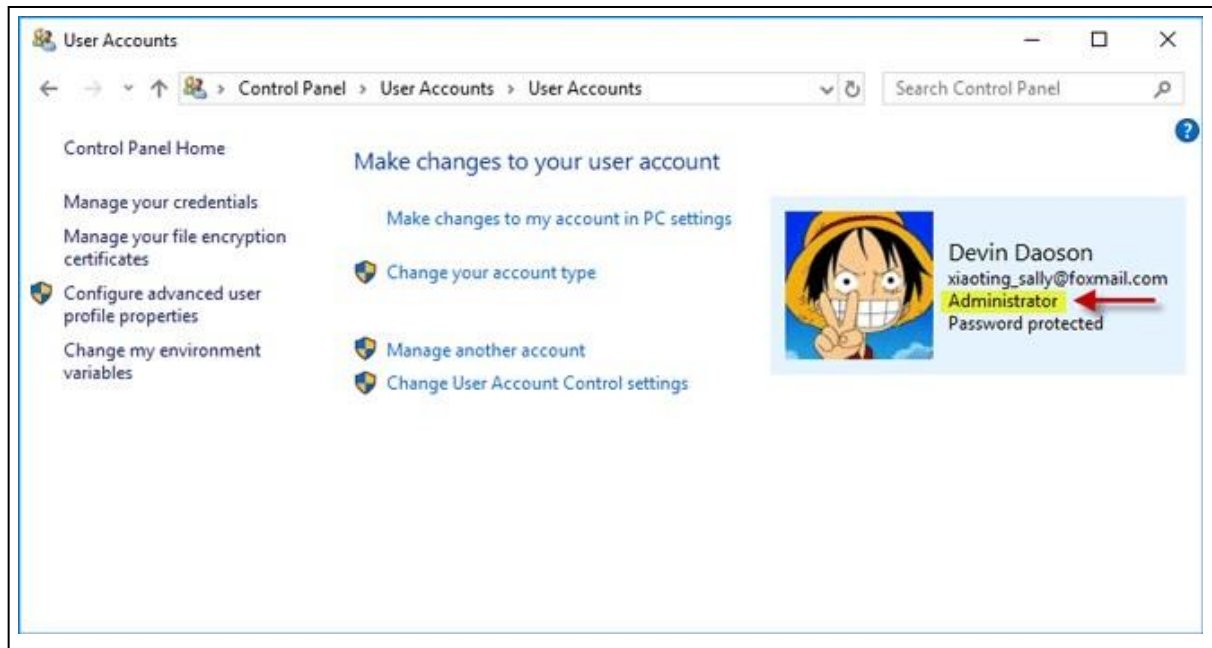

Depending on the version of Windows on your computer, the steps to determine if user account has administrator rights can differ.

Follow the steps below for the version of Windows on your computer.

#### Windows 7, 8, and 10

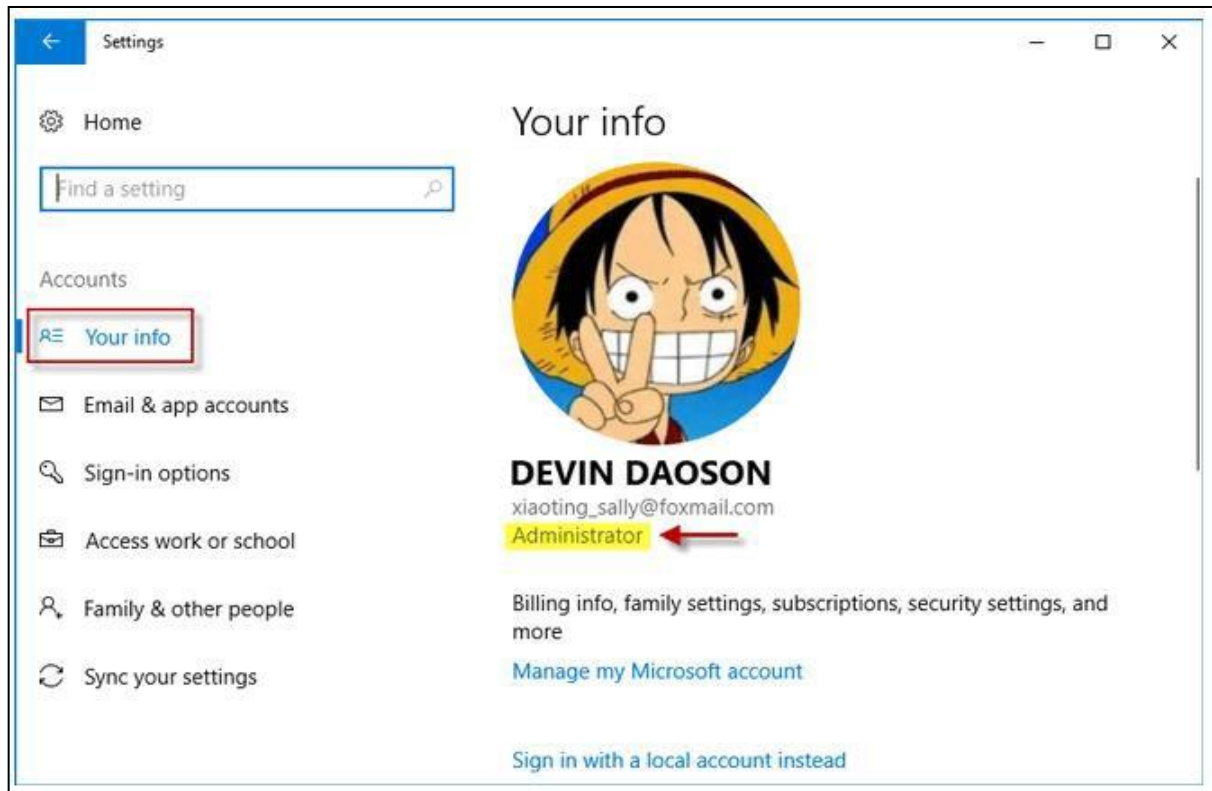

The easiest way to check if your user account has admin rights on the computer is by accessing the User Accounts in Windows.

1. Access the Control Panel.
2. Click on the User Accounts option.
3. In User Accounts, you should see your account name listed on the right side. If your account has admin rights, it will say "Administrator" under your account name.

The other way to check for administrator rights is through settings (**applicable for Windows 10**)

1. Open Settings using Win + I key, and then go to Accounts > Your info.
2. Now you can see your current signed-in user account. If you are using an administrator account, you can see an "Administrator" word under your user name.

### Ubuntu / Linux Operating System

In the default GUI, open the System Settings and go to the "User Accounts" tool. This shows your "Account Type": "Standard" or "Administrator"

On the command line, run the command **id** or **groups** and see whether you are in the **sudo** group. On Ubuntu, normally, administrators are in the **sudo** group

**How do I assign administrator rights to my login?**

### Windows Operating System

Depending on the version of Windows on your computer, the steps to assign admin rights to your login can differ.

Follow the steps below for the version of Windows on your computer.
