The objective of the programme is to train the LIC officers in legal subjects that are relevant to the insurance industry and will provide a deeper understanding of the legal aspects of insurance and how they affect business operations. Further, the training programme would prepare the officers to take on the responsibility of serving customers and growing the business with a better understanding of the legal framework within which they operate.

The training programme began with lightning of the lamp, followed by the welcome address by **Prof. Dr. Shashikala Gurpur, Fulbright Scholar, Director, Symbiosis Law School, Pune, Dean, Faculty of Law, SIU, Jean Monnet Chair Professor (EUC – LAMP co-funded by EU)**. In her address, Dr. Gurpur welcomed all the attendees of the training program and presented a course overview. Speaking about the training program, she acknowledged the training session as a learning experience not only for the attendees but also for us. The same is reflected in the NIRF Ranking of SLS-P, the community outreach programs and collaborations with government organizations and the judiciary. She then assured that the excellence would be reflected in the training session as well. She encouraged the attendees to make the most of the training program and gain valuable takeaways while also providing feedback. She said that the attendees for the session are future alumni, and the institution would appreciate further interaction as curriculum partners, trainers, and recruiters.
