Guest Lecture on “Patenting in Different Sectors of Industry and Patent litigations”

Guest Speaker: Dr. Shraddha Damle

Date : October 13th, 2022

Symbiosis Law School, Pune (SLS Pune) which is one of the foremost law schools in India and has recently been ranked as the 3rd best law school in India under the NIRF rankings is spearheading the mission to reconstruct the existing education system. As part of the progressive curriculum of Symbiosis Law School, Pune many guest lectures are organized in various domains out of which one heavily explored field these days is Intellectual Property. Under the aegis of the same, a guest lecture was organized at Symbiosis Law School, Pune on **13th October 2022 on the topic** “Patenting in Different Sectors of Industry and Patent litigations” in which the guest speaker was Dr. Shraddha Damle.

Patent litigation is a complicated task with different steps involved with different time periods for publication and examination purposes. It is essential to impart the students with procedural knowledge of patent drafting and litigation as patent has become a very important part of different sectors of the industry which includes the pharma industry at the prima facie level.

The aim of the guest lecture was to enlighten the students in the field of research and development about planning inventions by a thorough review of prior art, which saves time and money. A thorough understanding was developed at the end of the session by providing details of origin of patent law in India; present governing bodies, their role along with the Act; different procedural requirements for the protection of inventions and thus making the students aware about the students on the ways to safeguard the patent system.
