

Right from my college days, I observed a strict concern of Symbiosis Law School, Pune towards quality, ethics and innovation in teaching, learning and other processes. All these practices attracted me to join this premier institution, which has made its name in the field of legal Education.

The weirdest thing about coming back is when it strikes that all my teachers are my colleagues. Its nice seeing the other side of them. I came back to this college because I love academics. If you're a true researcher, you have to come back to your roots.

After Symbiosis law School became affiliated to SIU, an internationally acclaimed brand, I perceived it as an excellent opportunity to be a part of it as a faculty. Moreover, my affection for this college runs deep as this institution has groomed me like a mother. Hence, it is likely my Alma Metter in letter and spirit.

I sincerely thank Dr. Shashikala Gurbur Ma'am for the faith and motivation and guidance that she has always provided.

The most memorable moment in my college life was the Erasmus Mundus Cultural Meet. There were students of different countries participating and we participated with the theme 'Unity in Diversity'. We made a colorful representation of each state and I truly believe that Symbiosis is an example of this theme.
