MADHUBANI CHAKRABORTY, AN EXCHANGE STUDENT TO GERMANY

“ It is not easy to select and pinpoint a single experience out of the five years that I have spent at this institution. This college, which has been my home for so long now, has provided me with diverse memories, ranging from the everyday to all that is unusual and exciting. Amongst these memories, my DAAD Academic Exchange Program to Leibniz University in Hanover, Germany stands out as one that has shaped me in becoming the person I am today. The trip did not come easily. I was required to possess a sound knowledge of European law and fluency in the German language as prerequisites for the Program. Yet in the end, all the effort was worth every minute of it as some of the most memorable and enjoyable moments of my life in college revolve around the travelling and the cultural exchange that resulted as part of my stay.”
